# About Derbyshire Safeguarding Adults Board (DSAB)

We make sure the NHS, police, council, and other partners are working together in the best way possible to safeguard adults

## Who we support:

Adults in Derbyshire who have needs for care and support

and

are experiencing or are at risk of being abused or neglected

and

are not able to protect themselves from abuse or neglect due to their care and support needs

# Safeguarding adults boards have 3 core legal functions:

1. To create and publish a strategic plan. This is a plan of how the Board will make sure that adults who have care and support needs in Derbyshire are protected from abuse and neglect.

2. To publish a yearly report describing the success of its work, we call this an annual report

3. To hold safeguarding adult reviews (SARs) for any case that meet the criteria for these. The criteria are set out in the Care Act 2014

## The vision of DSAB is:

"We will all work together to enable people in Derbyshire to live a life free from fear, harm and abuse"

Making Safeguarding Personal is at the heart of the Derbyshire Safeguarding Adults Board, which means working with adults at risk of abuse, neglect or exploitation to ensure they are as safe as they want to be and are helped to make their own decisions.

The Board employs a small team who are managed by a Service Manager and is overseen by an Independent Chairperson.

Failure in multi-agency safeguarding processes

# Complaints

It is important that if you are unhappy with the service you have received through the DSAB that you let us know.

## Complaints we cannot deal with:

- The complaint meets the criteria for another statutory complaints process
- The complaint is about the actions of agencies who are not members the DSAB
- The complaint is about an individual working for a partner agency in Derbyshire
- The complaint is about a court decision
- The complaint has already been considered and investigated
- The complaint related to an event that happened more than 12 months ago (there is flexibility to extend this time limit if there are good reasons why the person was not able to make a complaint sooner)

## Complaints we cannot deal with:

- The complaint which should be resolved by court proceedings, criminal proceedings, disciplinary proceedings, grievance proceedings or an application to a tribunal (for example in relation to a decision made by an Approved Mental Health Practitioner).

If we can't deal with your complaint, we will give you information, advice, and point you in the right direction.

Please note we do not take complaints on behalf of partner organisations such as

- Derbyshire County Council
- Derbyshire Police and
- Derbyshire Health Care NHS Foundation Trust

We do not investigate complaints in relation to topics that have already been raised by the complainant and have concluded with a final response issued.
